#WakeUpInspired

What inspires you to get out of bed and make an impact? A good night's sleep is transformative. You wake energized. You feel more positive throughout the day. And when mornings are serene and refreshing — even at 7:00 a.m. — you feel inspired to be unconventional; to show gratitude; to pursue your dreams. Technogel® Sleeping is about living life to its fullest. But we're taking your word for it: [Discover the benefits of Technogel® and share how you #WakeUpInspired!](#)

Janie
Counselor

“Juggling my job as a Counselor and my role as a Mom means staying positive is important; and I’ll only buy brands I believe in.”

Tim
Actor

“As a busy actor and ‘binge’ movie watcher, falling asleep quickly and staying asleep makes mornings much better.”

Lizzie
Doctor

“Long hours at the hospital makes being a surgeon physically and mentally taxing. My bed is a restorative supplement for me.”

A newly-enhanced pillow collection.
Designed for extra comfort and support

Contour

For the fussiest of sleepers, who like support without any pushback.

Contour

26x16x4.5 in/66x40x11cm

For back or side sleepers who may have trouble getting comfortable, this pillow is specially designed to fit around your shoulder so your head lays snugly in the contoured surface. The Contour's compact size and ergonomic support make it popular among those with a narrow-to-medium frame and/or neck, back or shoulder pain.

Anatomic

Makes short work of neck stiffness, bringing refreshing relief.

Anatomic

26x16.5x4.5 in/66x42x11cm
32.5x16.5x4.5 in/83x42x11 cm King Size

Designed to provide superior relief and support, the Anatomic is especially popular among those who suffer neck, back or shoulder pain. The ergonomically curved surface is a good fit for medium to large built back or side sleepers--and those who roll between the two!

Pillow Collection

Deluxe

A classic shape in a range of heights so everyone finds the perfect fit.

Deluxe Thin

[26x16x3.5 in/66x40x9cm](#)

For stomach sleepers in search of more comfort, the Deluxe Thin is a refreshing choice. Designed to support proper spinal alignment, this is a sturdy, lower-profile option for those with smaller body conformation. It may even satisfy sleepers who sometimes prefer laying without a pillow!

Deluxe

[26x16x4.5 in/66x40x11cm](#)

Enjoy cool comfort and exceptional support with a classic-shaped pillow! The Deluxe offers a versatile low-profile for small-to-medium built back or side sleepers—or those who flip between the two!

Deluxe Thick

[26x16x5.5 in/66x40x14cm](#)

[32.5x16x5.5 in/83x40x14 cm King Size](#)

Rest easy on this classic-shaped pillow that provides cool comfort and proper spinal support—it's like the best of both worlds. Plump and lavish, the Deluxe Thick is great for those with medium-to-large frames who sleep primarily on their sides.

Technology

At the heart of our Pillows

Technogel has long been invigorating everyday experiences with cool cushioning and superior ergonomic support—from wheelchairs and medical treatments, to cycling, sitting, walking, and sleeping. Continuing in our tradition of innovation, we are the first and only brand of mattresses featuring a thick layer of patented gel. And now we share our inspiration with you: the benefits that only Technogel can provide, to help you enjoy a more refreshing way of living.

What makes our pillow so special?

We call it 3D Deformation. You'll call it the best night ever. Adapting like water but with the support of a solid, Technogel® reacts uniquely to your body to ease pressure without restricting movement. Technogel® conforms gradually in all directions—no pain, no compression, no worries about improper posture. It's the perfect blend of comfort and ergonomic support.

Key benefits include:

- Pressure relieving • Ergonomic support • Hypo-allergenic
- Memory foam base • Enhanced breathability
